PRINCIPAL

# ONLINE SAFETY

  
Limit information shared online

  
Information once shared online stays there forever

  
Do not share photographs that you are not comfortable being shared in public

  
Do not turn to social media when feeling depressed. Details of other people's exciting lives meet up with them may bring you down further

  
Do not accept friends request from strangers (if you have accepted, never

  
Do not share personal information while gaming even if they offer you free games

  
Nobody can take your picture or upload it without your permission

  
**INTERNET IS GOOD**

  
Make your password really strong

  
Block unwanted people, calls and messages

Keep watch if children seem dependant on their online activities or seem moody

  
Smartphones have GPS locations attached to them so be careful when you share photographs

  
Block out sexually suggestive messages or chats from unwanted people

Cyber bullying is punishable

  
Set Privacy settings at Maximum

Do not delete or deactivate accounts or text. Backup information for proof

**NO**

Do not give in to threats, they will keep getting worse. Say no and reach out to someone who can help

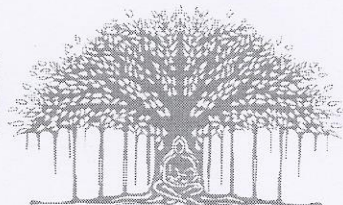

**REACH OUT WHEN IN TROUBLE**
