

Mrs Mala B Menon
(Former Principal, Cochin Refineries School)

**“Always dream and shoot higher than you know you can do. Do not bother just to be better than your contemporaries or predecessors. Try to be better than yourself.”
– William Faulkner**

The School Quality Assessment and Accreditation (SQAA) is holistic as it covers all aspects of a school functioning, namely its Scholastic and Co-scholastic Domains, Infrastructural Areas, Human Resources, Management and Administration, Leadership and Beneficiary Satisfaction and is a quality initiative proposed by Central Board of Secondary Education (CBSE) to provide global parameters of attainment as standards in schools affiliated to it.

Cochin Refineries School started the process of SQAA with the intention to create a benchmark of excellence and slowly move towards continuous improvement in terms of quality. A team of teachers worked consistently to keep records of all documentation needed for uploading. This we believe will help us to continuously self-assess our strategies, make the school accountable to all its stakeholders and have the autonomy in innovation in school education.

I thank the Management, PTA, all staff and students who have been instrumental in the school starting this journey towards self-improvement and excellence.

“Excellence is not a destination; it is a continuous journey that never ends.” Brian Tracy

God Bless.
