A watercolor illustration featuring a cluster of green leaves in the center. The background is a soft gradient of pink and red at the top, transitioning into a light blue at the bottom. The text 'My Props' is written in a black, cursive script across the middle of the image, partially overlapping the leaves.

PLASTIC REDUCTION BEGINS WITH ME

IX - X

- *Carry a reusable bottle*

Carrying a reusable bottle is a great way to cut out plastic use and save money too!

An app tells you where you can refill your bottle for free

- *Say no to disposable plastic cutlery*
- *Get your milk delivered*

You can find your nearest milk around here

FIDHA FANHA N A

- 
- *Use rechargeable batteries to reduce buying batteries package in plastic*
 - *Don't use plastic cutting boards use wood or glass .*
 - *Cloth bags are much better than plastic bags, bring your own cloth bags to any grocery store*

WHAT WE CAN DO FOR CRS

XI - XII

The School requires some open activities

- 1. Add Cement blocks for sitting as we lack places to sit in open*
- 2. Allow students to wander inside the campus during lunch break*
- 3. Build a small gather site for students during break*
- 4. Could include a badminton court*
- 5. Deck the pale walls with paintings and artwork*
- 6. The area in front of the exam hall in the bottom floor could be used as gather area*
